No. P. 9/D of 1954.

Office of the Surgeon General with the Government of Bombay :
Bombay, 10th July 1954.

From

The SURGEON GENERAL with the GOVERNMENT of BOMBAY,
Bombay 1 ;

To

The SECRETARY to GOVERNMENT,
Local Self-Government and Public Health Department,
Bombay.

Subject.—*Report on Civil Hospitals and Dispensaries in the State of Bombay for the triennium 1951–53.*

I forward for the information of Government the report on Civi Hospitals and Dispensaries for the triennium 1951–53.

Buildings.

2. *Major Works.*—The following major works were administratively approved by Government during the year 1953 :—

	Rs.
(1) Providing additions and alterations to the Electric installation in the Out-patient Department and Denta College Building in the compound of the J. J. Group of Hospitals, Bombay	36,968
(2) Remodelling the existing three hutments at the Leprosy Hospital, Pui	49,500
(3) Construction of an O. P. D. at the Civil Hospital, Bijapur.	1.25,622
(4) Providing Sanitary arrangements to the Mental Hospital, Ahmedabad	30,086
(5) Construction of a Garage for the Motor Van and Quarters for the staff employed in connection with the proposed Mobile dispensary in Banas Kantha District	21,965
(6) Constructing In-door patients ward at Dharamaj Dispensary in Kaira District	1,36,179
(7) Additions and alterations to the Dispensary building at Karvan, district Baroda	24,400

3. *Minor Works.*—During the year 1953, the execution of new works was restricted to those which were considered to be urgent and necessary. Even then several minor works representing additions and alterations and improvements to buildings of Government Hospitals and Dispensaries were carried out at a total cost of Rs. 2,39,381 from the discretionary grant placed at the disposal of the Surgeon General. The following are some of the important works undertaken during the year :—

	Rs.
(1) Providing X. P. M. Shutters to the windows openings at the Sir C. J. Ophthalmic Hospital, Bombay	15,905
(2) Providing electric installation in the Mental Hospital, Baroda	14,278
(3) Additions and alterations to "C" type Ayurvedic Dispensaries at Khaper, Raisingpore and Kath in Mewasi Estate in Dhulia District	13,848
(4) Conversion of the existing blown off asbestos cement roof of Cottages into Mangalore tiled roof at the Shenda Park Leprosy Colony, Kolhapur	11,910
(5) Extension of the Operation Theatre in the Civil Hospital, Bijapur	9,969
(6) Providing Sanitary fittings for the Maternity Home at Ichalkaranji, district Kolhapur	9,489
(7) Providing additional W. C. block (6 W. Cs.) with Urinals for servants in the compound of the Cama and Albless Hospitals, Bombay	9,331

4. The buildings of the various Government Hospitals and Dispensaries were kept in good condition and the requisite repairs were carried out by the Public Works Department. During the triennium 1951–53, Major and Minor works costing about Rs. 52,80,595 were carried out at the various Government Hospitals and Dispensaries.

Bombay City Hospitals.

5. *St. George's Hospital, Bombay.*—The following departments were working in this hospital :—

E. H. T. Department.—A specialist conducts the O. P. D. for 3 days in a week. 4 beds are reserved for patients in this Department.

Dental Department.—This department is equipped with modern instruments and appliances.

Eye Department.—The Ophthalmic Surgeon conducts the O. P. D. on three days in a week and 4 beds are reserved for patients in this Department.

Skin Department.—The Honorary Dermatologist conducts O. P. D. for 3 days in a week. Four beds are reserved for patients in this Department.

V. D. Department.—The O. P. D. is conducted on all the working days. This department is fully equipped with modern instruments and appliances. Six beds are reserved for patients in this Department.

X-Ray Department.—This Department is equipped with a 100 M.A. Diagnostic set only.

6. *J. J. Group of Hospitals, Bombay.*—The post of Registrar for the E. N. T. unit was created for a period of three years in the first instance.

The post of Honorary Assistant Venereal Surgeon on an honorarium of Rs. 100 per mensem was created in addition.

A Department of Anaesthesia was established for Government Hospitals in Bombay City on 7th December 1953, and the designations of the Professor of Anaesthesia, Grant Medical College, and Honorary Anaesthetist, J. J. Hospital, was changed to (1) Director, Central Anaesthesia Department, J. J. Group of Hospitals, Bombay, and that of the Lecturer in Anaesthesia, Grant Medical College, and Honorary Anaesthetist, J. J. Hospital, to (2) Assistant Director, Central Anaesthesia Department, J. J. Group of Hospitals, Bombay.

Three more posts of Honorary Junior Anaesthetists were created.

Donation of the Table fan presented by the Presidency Magistrate, 24th Court, Bombay, for the use of the Ear, Nose and Throat Department at the J. J. Group of Hospitals, Bombay, was accepted.

7. *G. T. Hospital, Bombay.*—The X-Ray and Electro-Therapeutic Department was conducted daily and it was very popular. The daily average number of attendance in the different sections was as under :—

Radio-graphic Department (Screening and X-Ray plates) ...	140·6
Radio-Therapeutic Department (Superficial and Deep X-Rays).	9·2
Electro-Therapeutic Department	55·14

8. *Cama and Albless Hospitals, Bombay.*—An administrative block with a modern Operation Theatre in the compound of these Hospitals built out of the generous donation of Shri M. G. Desai was completed in all respects including electric installation and will start functioning shortly.

9. *M. A. Podar Hospital, Bombay.*—This Ayurvedic Hospital continued to render useful medical relief to the poor labourers of the B. D. D. Chawls and of the surrounding locality.

10. *Homoeopathic Hospital, Bombay.*—In the first quarter of the year, the electrification of the Pathology Department and Hospital building along with the post-mortem room was carried out. The electric installation to the All purpose pressure Steriliser was carried out during the last quarter of the year. During the first quarter fixtures to the Pathology Department were carried on and plumbing work was also undertaken. Thus the Pathology Laboratory was fitted up for working purposes. During the year 1953 the number of patients attending the O. P. D. was 3,912. The total number of in-door patients rose to 355.

Mofussil Hospitals.

11. *Civil Hospital, Karwar.*—It has a sanctioned accommodation of 44 beds (27 male, 11 female and 6 maternity beds). Extension of the existing building was not taken up in view of the proposal to construct a new hospital on a new site near the Sub-jail, Karwar.

12. *Civil Hospital, Sholapur.*—An Electro-Cardiographic machine was purchased and it has proved useful in the diagnosis of heart diseases.

As scarcity was declared in the Sholapur District, the Revenue Department immediately started several bunding works and road works as a measure of relief. In all there were 70 bunding works at various places in all talukas, 9 irrigation works, 4 road works, 9 metal breaking works and 5 tank works where 'D' modified medicine chests were provided and were replenished from time to time. All the Medical Officers and Subsidised Medical Practitioners were directed to visit these works regularly and to render medical aid there. In addition to these, 6 Special Medical Officers were appointed on Scarcity duty out of which 3 were stationed at 3 Tank works, viz. Mangi, Sapatne and Chincholi where small 8 bedded Hospitals with maternity sections were opened ; at the remaining two tanks works the Local Medical Officers of the District Local Board were asked to visit the works and treat the Labourers, admitting them in their dispensaries when necessary. Two of the Special Medical Officers were asked to visit the bunding works in Karmala and Pandharpur Talukas. 7 Peons for the Special Medical Officers were appointed, also 3 nurses, 2 ward-servants, 3 Ayahs and one sweeper were appointed at Tank works Hospitals.

The Medical Practitioners of the Indian Medical Association, Sholapur, also helped in rendering medical aid at the two bunding works at Kondi and Nandni in the Sholapur Taluka.

The above Medical Officers and Subsidised Medical Practitioners have treated 33,832 labourers as out-door patients and 75 as in-door patients, out of these 17 were maternity cases.

13. *Shree Sayaji General Hospital, Baroda.*—The construction work of the New O. P. D. building was in progress.

The new rules for the levy of Hospital fees have been introduced in this hospital from 1st December 1953.

Accommodation in the Nursing Home at this Hospital was reduced from 8 beds to 4 beds. The other 4 beds are being used for burns cases.

An additional Unit for Medicine and Surgery was sanctioned for this teaching hospital.

14. *Civil Hospital, Bijapur.*—Administrative approval was accorded to the plans and estimates, the latter amounting to Rs. 1,25,625 for the construction of buildings for the O. P. D. at the Civil Hospital, Bijapur.

15. *Civil Hospital, Jalgaon.*—Operative work in this hospital has increased considerably. Total number of operations performed during the year 1953 was 1680 as against 716 in 1951.

A Laboratory was opened and laboratory appliances were purchased for the purpose. A Laboratory Technician was appointed and laboratory work was carried on satisfactorily.

16. *C. P. R. Hospital and Padma Raje Maternity Home, Kolhapur.*—This institution has all medical facilities such as X-Ray, Diathermy, Anti-T. B. Clinic, Clinical Laboratory, Anti-rabic centre, Leprosy Clinic, anti-natal and post-natal clinics and as such serving the medical needs of the people of this District as a Central Medical Institution.

17. *Civil Hospital, Kaira.*—Administrative approval to the work of Water supply and electric installation was accorded.

An Ambulance Car was donated to the Hospital from the Botawala Charities under the auspices of the St. John Ambulance Association. It carried needy patients from the interior of the District to the Hospital and *vice versa*. In exceptional cases it also journeyed beyond the limits of the District.

General.

18. *Water Supply.*—Complaints of inadequate water supply exist at a few Government Hospitals notably at the Civil Hospital, Dharwar, at the Cama and Albless Hospitals, Bombay, and in the Nurses Quarters of the G. T. Hospital, Bombay.

19. *Advisory Committees.*—The Advisory Committees at Government Hospitals in Bombay City and in the mofussil continued to do useful work. Thanks are due to the members for the interests they evinced in the welfare of the patients.

20. *Ambulance Service.*—The Ambulance service in the Mofussil continued to do very good work.

Government sanctioned an expenditure of Rs. 16,785 for the purchase of an ambulance car for the Civil Hospital, Sholapur. The services of the Ambulance Car were found useful to fetch and send back the patients from their houses either in the city or in the towns or villages.

Government accorded sanction to the purchase of a new ambulance car for the Civil Hospital, Ahmedabad, at an estimated cost of Rs. 18,000.

The following additions were made to the Rules for Ambulance Service at District Headquarter Hospitals :—

"(1) The ambulance may be used for bringing patients from their residence to private Nursing homes, if any, in the City subject to the condition that the needs of the hospital are first met. The party concerned should pay the usual charges plus 25 per cent. extra charges at the discretion of the Civil Surgeon.

(2) In regard to the transfer of medico-legal cases back to their homes, the ambulance car should be given free of charge to indigent patients only, if the persons concerned are not in a condition to travel by a public conveyance."

21. *Grants-in-aid to Mission Hospitals.*—Owing to economic conditions resulting as an aftermath of the War, the financial help from overseas, which the Mission Authorities in India used to get, was not available, with the result that the Institutions conducted by them found it difficult to continue their normal activities. In order to enable the Authorities to continue their humanitarian work, special grants aggregating to the sums shown below were given to some of the Mission Hospitals in this State during the triennium under report :—

1951	1952	1953
Rs.	Rs.	Rs.
15,000	15,000	15,000

22. *Ayurvedic and Unani Tibbi System.*—Government decided to start a Sudha Ayurvedic Course of 3½ years' duration to be taught at recognised institutions or under recognised Gurus. The persons passing this course will be exempted from the provisions of section 32 of the Bombay Medical Practitioners' Act, 1938, provided they had attained the age of 21.

Government appointed a Committee to hold examinations for this course and make all arrangements therefor including the appointment of examiners, setting of question papers, fixing of programme and declaration of results.

The Committee is to consider applications from teaching institutions or Gurus and to forward them to Government for their decision. The Committee is to frame and submit for the approval of Government, rules regulating its functions and the conduct of examinations.

The Gurus recognised for the purpose should have minimum equipment at their disposal and a suitable O. P. D. for which a daily record should be maintained. They should provide the necessary accommodation for holding the classes and should be allowed to have not more than 5 students in all at a time under them. They should be allowed to charge fees not exceeding Rs. 30 per term.

Institutions will be recognised in the same manner as for the former D. A. S. F. course and they will have to conform to regulations prescribing the minimum equipment, accommodation, qualification of teachers, number of admission and scale of fees etc.

23. *Registration Tribunal.*—The Registration Tribunal established under the amended Bombay Medical Practitioners Act, 1938, finished during the year under report, the work of scrutinising the large number of applications received by it.

To encourage the Ayurvedic and Unani Tibbi Systems of Medicines, Government sanctioned on certain conditions the payment to the following institutions of recurring grants amounting to Rs. 1,25,000 as shown against them during the period under report :—

		Rs.
(1) The Ayurvedic Mahavidyalaya, Ahmednagar	...	10,137
(2) The O. H. Nazar Ayurvedic College, Surat	...	38,000
(3) The Aryangla Vaidyak Mahavidyalaya, Satara	...	29,500
(4) The Ayurveda Mahavidyalaya, Poona	...	23,063
(5) The Maha Gujarat Ayurvedic College, Nadiad	...	24,300

Government also sanctioned the payment during the period under report, of non-recurring grants amounting to Rs. 1,25,000 to certain Ayurvedic Institutions.

24. *Homoeopathy.*—The Registration Tribunal for the purpose of preparing the first Register of Homoeopaths under the Bombay Homoeopathy Act, 1951, carried on its work during the period under report.

25. *Leprosy.*—With a view to continue the treatment with sulphetrone and other sulpha drugs started at the Government Leprosy Hospitals in the State and Leprosy Hospitals, Sholapur, Government have sanctioned an expenditure of Rs. 66,190 during the triennium ending 1953.

In order to provide the inmates with some sort of work and to encourage them to earn out of pocket expenses, occupational therapies such as gardening, tailoring, poultry etc. have been introduced at Leprosy Hospitals in the State. This has a salutary effect of raising the morale of the patients who otherwise become depressed and quarrelsome.

In the Shenda Park Leprosy Colony, Kolhapur, the occupational therapies have been well organised and a special feature of the Colony is an agricultural farm, a dairy section and a poultry section. The agricultural farm has an area of nearly 77 acres and 20 gunthas under cultivation. This is approximately the same area as was cultivated in 1950–51 and compares very favourably with the total area cultivated in 1949–50 which was 54 acres and 20 gunthas. In the dairy section there are about 66 Cattle altogether consisting of 1 Sindhi Stud bull and several cows and buffaloes. The dairy section is running very satisfactorily and during the year 1951 the total daily yield was about 86½ lbs. The poultry section has got about 34 birds majority of which are very good quality leghorn hens. The total number of inmates working on this farm is about 82. Egges, vegetables and Milk are mostly distributed in the colony itself for the benefit of the patients, but a small proportion is also sold to various agencies. A flour Mills has been installed for the use of the Colony and the engine which is used on the pumping station for the lift irrigation in the field is, in spare time used to run the Mill. Smithy, tailoring, shoe-making, and button making etc. are some of the occupations that are followed by the inmates of the colony. The standard of the work in these different sections is quite satisfactory. A Primary School up to IV Standard is conducted and there are about 20 children attending the School.

In addition to the usual grants for the maintenance of statutory and non-statutory leprosy patients the following non-recurring grants were given to some of the Leprosy Hospitals during the triennium ending 1953:—

	Rs.
(1) Leprosy Hospital, Sholapur	17,000
(2) Leprosy Hospital, Bijapur	19,064
(3) Parvatibai Leprosy Hospital, Surat	6,950

In addition a grant of Rs. 14,106 was given to the Leprosy Hospital, Sholapur, towards the repairs of the buildings. A grant of Rs. 2,500 was also given to the Leprosy Hospital, Sholapur, for providing a Water Pump.

A Leprosy week which was arranged by the Poona District Leprosy Committee was inaugurated in Poona by His Excellency the Governor of Bombay, Raja Maharaj Singh during the year 1951. As a result of the Leprosy week a Leprosy fund amounting to Rs. 43,000 was collected by the Poona District Leprosy Committee. It is proposed to utilise the fund toward the anti-Leprosy work in rural areas and for construction of block for additional 36 patients at the Kondhwa Leprosy Hospital, Poona.

Government sanctioned Schemes of Poultry farm and Grinding Mill at the Leprosy Hospital, Pui and the Kondhwa Leprosy Hospital, Poona.

Government sanctioned 20,000 D. D. S. tablets every year free of charge to the Leprosy Clinic at Khangaon, taluka Gokak, district Belgaum, on condition that the authorities of the centre submit to the Civil Surgeon every quarter a report regarding the consumption of the tablets.

Government sanctioned payment of capitation grant to the Parvatibai Leprosy Hospital, Surat, for the maintenance of non-statutory Leprosy patients.

26. *Anti T.B. Activities.*—Government sanctioned the payment of a grant-in-aid of Rs. 24,000 to the Wanleswadi T. B. Sanatorium, Wanleswadi, on certain conditions.

The Grant-in-aid of Rs. 6,754 was paid to the Bombay State, Anti T. B. Association, Bombay.

The Government of Bombay considered the recommendation of the Government of India, Ministry of Health, and have decided to start a fund to be called the "Bombay Health Minister's Charity Fund".

A post of T. B. Social Worker at the J. J. Group of Hospitals, Bombay, was created with effect from 1st August 1953.

Consequent on the discussion held between the representatives of the W. H. O., UNICEF, I. T. C., and the Government of India, a scheme was drawn up to introduce mass B. C. G. vaccination all over India. In view of the high incidence of T. B. in the State and the need for adopting suitable measures to control its spread, it was considered essential to introduce mass B. C. G. vaccination in the Bombay State. Government have sanctioned five B. C. G. Vaccination Teams in addition to the two already working in Bombay and Baroda, with the following staff:—

5 Medical Officers (Non-gazetted).
1 Organising Medical Officer (Non-gazetted).
1 Publicity Officer.
30 Technicians.
4 Technicians (Leave Reserve).
1 Supply Clerk.
1 Statistical Clerk.
5 Motor Drivers.
10 Peons.
3 Messengers.

27. *Hospital for Diseases of the Chest, Camp Aundh, Poona.*—Government directed that priority should be given to Seamen suffering from T. B. in the matter of admission to the Hospital up to four patients only subject to certain conditions.

28. *Blood Transfusion Service.*—The staff sanctioned in 1949 by Government in connection with the Blood Transfusion service at Government Hospitals in Bombay City and Mofussil was continued during the year 1953. From the reports received from the various institutions it is found that the results of the Blood Transfusion service are encouraging and the scheme has become a permanent feature. The difficulties as regards securing donors of blood still hamper the progress of the scheme and, unless monetary rewards are offered, more donors will not come forward, in spite of the propaganda carried on by means of posters, cinema slides and documentary films. The response of donors is not as encouraging as it should be.

29. *Rural Medical Relief—Village aid Centres.*—The scheme for the opening of village aid centres through the agency of the Primary School Teachers in Backward areas introduced in a number of villages continue to work during the year. The Bhil Sudhar Samiti was supplied with medicines to the extent of Rs. 8,750 during the year for rendering medical facilities to the Bhil areas of the West Khandesh District.

30. *Appointment of Subsidised Medical Practitioners.*—Under the Rural Medical Relief Scheme, Government have so far sanctioned 333 centres in the several districts. Due to dearth of allopathic medical practitioners, it was not found possible to open all the centres. The sub-joined table shows the number of Subsidised dispensaries in the several districts and the total number of patients treated in them during 1953 :—

District.	Number of Dispensaries				Patients treated.			
	Ayur-vedic.	Allopa-thic.	Unani.	Total.	Men.	Women.	Child-ren.	Total.

The S. M. P. Scheme had proved a fair success and the following S. M. P. Centres have so far been sanctioned till the end of the period under report :—

(*a*) 333 ... Old Centres.

(*b*) 125 ... Centres under Public Works Reconstruction Scheme.

(*c*) 17 ... Centres under Public Works Reconstruction Scheme.

of these centres Government bears the full cost of 17 centres at (*c*) above. In the case of remaining centres expenditure is borne by Government and District Local Boards in the proportion of 4/5th and 1/5th respectively. The 142 S. M. P. Centres at (*b*) and (*c*) above and the old 333 centres, at (*a*) above, have been included in the Five Year Plan. The location and type of 136 centres of the 142 centres referred to above have been decided up to the end of December 1953. The question of deciding the type and location of the remaining centres is under consideration.

31. *Appointment of Nurse Midwives.*—Of the 81 Nurse-Midwives to be appointed at the District Local Board dispensaries under the Rural Medical Relief Scheme, about 60 were appointed up to the end of December 1953, as shown in the sub-joined Table :—

Serial No.	District.	1951	1952	1953	Remarks.

32. *Mobile Ophthalmic Unit.*—The Mobile Ophthalmic Unit located in the Southern Division continued its useful work in rendering specialised treatment to persons suffering from eye diseases in the rural areas. The idea in starting this Unit was to provide treatment for eye complaints coupled with surgical treatment, if considered necessary, at the door steps of the patients, so that they may take treatment at an early stage of the disease, instead of going to the nearest Civil Hospital. The Unit visited 64 places in Belgaum, Dharwar and North Kanara districts and examined 4,368 patients. The number of operations performed was 542 and the number of spectacles prescribed was 617. The work of the Unit was suspended during the months of February and March 1953 and the Unit was ordered to attend the Government Eye Camp at Satara in May 1953.

33. *Sub-dispensers' Scheme.*—Thirty seven Sub-dispensaries (19 in West Khandesh and 18 in Panch Mahals) continued to render useful service to the rural population of the backward areas.

34. *Equipment.*—The supply of a disinfector for the Civil Hospital, Sholapur, at a estimated cost of Rs. 7,000 was sanctioned by Government.

The purchase of Electro-Cardiographic Machine and Suction apparatus for the Civil Hospital, Sholapur, at an estimated cost of Rs. 9,700, was also sanctioned.

The purchase of X-Ray Electro-medical appliances for the use of the Hospital, Rajpipla, at an estimated cost of Rs. 25,000 was sanctioned.

The purchase of High Pressure Sterilizer for the Civil Hospital, Broach, at an estimated cost of Rs. 5,000 was sanctioned.

The purchase of an X-Ray Machine for the Steel Hospital, Chhota-Udepur at an estimated cost of Rs. 30,000 was sanctioned. The actual purchase of the apparatus has, however, been postponed.

The purchase of essential equipment for the use of the Civil Hospital, Ratnagiri at a cost not exceeding Rs. 15,900 was sanctioned.

With a view to replacing the existing surgical and other equipment which have become unserviceable at the Government Hospitals mentioned below, a special non-recurrent grant of Rs. 58,000 was placed at the disposal of the Surgeon General during the year :—

(1) St. George's Hospital, Bombay.
(2) J. J. Group of Hospitals, Bombay.
(3) Cama and Albless Hospitals, Bombay.
(4) G. T. Hospital, Bombay.
(5) M. A. Podar Hospital, Bombay.
(6) Sassoon Hospitals, Poona.

Equipment from the Hospital maintenance Fund was purchased for the following institutions of the value shown against them :—

Name of the Institution.	Cost.
	Rs.
(1) J. J. Group of Hospitals, Bombay	12,391
(2) R. A. Podar Medical College (Ayurvedic), Bombay ...	19,197
(3) G. T. Hospital, Bombay	14,166
(4) St. George's Hospital, Bombay	2,228
(5) Sir C. E. M. Dental College and Hospital, Bombay ...	537

35. *Nursing.*—A post of Nurse at the Vernama Dispensary was created in the Baroda District as an experimental measure on the condition that the Baroda Taluka Congress Committee credited 1/3rd of the expenditure in this connection to Government as its share.

With a view to raising the standard of training of Nurses at the Civil Hospitals, Government sanctioned the deputation of Sister Tutors to the Mofussil Hospitals where Sister Tutors were not available for giving student nurses training in up-to-date methods of nursing procedure, etc.

Government approved the recruitment rule for the posts of Matrons and Assistant Matrons in the Bombay Nursing Service.

Sanction was accorded to the deputation of the candidates to the College of Nursing, New Delhi, for the B. Sc. (Hons.) course in Nursing of the Delhi University.

The deputation of two candidates for the course of Teaching and Administration at the College of Nursing, New Delhi, was also sanction during the year.

The grant-in-aid of a lump sum of Rs. 1,000 to the Bombay Nurses, Midwives and Health Visitors Council, Bombay, for publication of text and reference books for Nurses in regional languages subject to the condition that the Council should maintain, in future, separate systematic accounts of all their publications.

36. *Typhoid in Bombay and Suburbs.*—Government sanctioned a Scheme with a special staff for the collection of clinical samples in suspected cases of enteric fever and their subsequent examination free of cost at the Haffkine Institute, Bombay, with a view to helping the registered medical practitioners in arriving at an early diagnosis in such cases and also to help the Executive Health Officer of the Bombay Municipality in spotting out cases in the City and suburbs for taking preventive measures in time. During the year 1952–53, 1022 calls received from all over the City for the collection of samples in suspected cases of enteric fever were attended to, and altogether 4,112 samples were examined serologically and bacteriologically at the Institute and reported.

37. *Tata Memorial Cancer Hospital, Bombay.*—A grant-in-aid of Rs. 1,20,000 was sanctioned by Government during the year.

38. *Red Cross.*—The Red Cross Society continued to render eminently satisfactory service under its enlarged scope. Most of the Civil Surgeons are members of the District Societies and have co-operated actively in its work.

39. *Infantile Paralysis.*—For the maintenance of children's Orthopædic Hospital in Bombay City, Government sanctioned to the Society for Rehabilitation of Disabled and Crippled Children, Bombay, during the year, a grant of Rs. 18,375 equal to 1/2 of the deficit of the Society for the year ending 31s December 1953, subject to certain conditions.

40. *Blind Relief.*—During the triennium 1951–53, Six eye camps were held by this Department. These camps proved a great success as many patients suffering from eye diseases were treated at the camps *vide* figures given below. Facilities for treatment of eye diseases were available in Eye Hospitals and at General Hospitals with Ophthalmic Departments.

Name of the Camp.	Number of patients treated.		Operations Performed.	
	Indoor.	Outdoor.	Cataracts.	Other Operations.
1951				
Pandharpur	845	3,372	208	876
Rajpipla	264	960	179	94
1952				
Deesa	489	2,155	338	358
Nandurbar	686	2,726	658	151
1953				
Satara	305	1,211	298	136
Chhota-Udepur	262	1,191	208	100

41. *Dental Council.*—In the budget estimates for the year 1953–54, a provision of Rs. 8,200 was made for general grant-in-aid and Rs. 4,500 for printing grant. On account of collection of a large portion of renewal fees for 1952 and 1953 during the year, the Bombay State Dental Council did not require the general grant-in-aid of Rs. 8,200. Government, therefore, sanctioned the payment of a printing grant of Rs. 4,500 to the Bombay State Dental Council during the year 1953–54.

42. *Scheme for distribution of Quinine.*—In order to make the revised scheme for the distribution of quinine and quinine substitutes operative to private medical practitioners, hospitals and dispensaries, Government issued the following additional instructions with regard to its stocks lying with the Superintendent of Prohibition and Excise, Bombay, and the Director of Public Health :—

(*i*) The stocks of the following should be retained :—

(*a*) Quinine Sulphate.

(*b*) Mepacrine Tablets (3 Years' requirements).

(*c*) Quinacrine Tablets (3 Years' requirements).

(*d*) Tota quinine Tablets.

(*e*) Quinine Hydrochloride Ampoules (3 Years' requirements).

(*ii*) The stocks of the following should be disposed of in the open market at the fixed prices —

(*a*) Quinine Sulphate.

(*b*) Mepacrine Sulphate.

(*c*) Quinacrine Sulphate.

(*d*) Totaquinine Sulphate.

(*e*) Quinine Boxes ampoules.

(*f*) Quinine Sulphate powder.

(*g*) Quinine Sulphate tablets (5 gr. each).

(*h*) Quinine Sulphate tablets (2 gr. each).

(*i*) Boxes of Quinine Hydrochloride ampoules.

43. *Medical Social Services Departments.*—The Department continued to do useful work during the year under report at the four Government Hospitals in Bombay City viz. J. J. Group of Hospitals, St. George's Hospital, G. T. Hospital and Cama and Albless Hospitals.

44. *Medical Relief Work for displaced persons.*—At the commencement of the year 1953, there were 19 Colony dispensaries in the State. The number of beds at the beginning and end of the year was 394. The conditions of health and sanitation at all the Colonies during the year was satisfactory and adequate medical and Sanitary staff was maintained throughout the year. All facilities were afforded to the T. B. patients in the Central Hospital in Kalyan Camp No. 3 as well as in the Hospital for Diseases of the Chest, Camp Aundh, Poona. The UNICEF Milk Distribution Scheme to children and expectant mothers was also continued during the year.

45. *Scheme for Higher Training of Medical Graduates abroad.*—Government deputed Dr. H. I. Jhala, M.D., Professor of Pathology, Grant Medical College, Bombay, and Pathologist, J. J. Group of Hospitals, Bombay, for training abroad for a period of one year from 20th April 1953 under the Technical Co-operation Scheme of U. K. and Australia.

46. *Yellow Fever.*—Sanction was accorded to the payment, to the Bombay Municipal Corporation, during the year of a grant-in-aid of Rs. 224-8-0 for meeting the expenditure in connection with the Yellow Fever ward of the Arthur Road Hospital, Bombay.

The expenditure sanctioned above was shared by the Government of India and the State Government on 50 : 50 basis.

A scheme for the construction of a permanent Yellow Fever Isolation Hospital at Santa Cruz has been included by the Government of India, in the Five Year Plan and it has been decided to construct it at an estimated cost of Rs. 1,86,620. This hospital when constructed is proposed to be used for isolation of Yellow Fever cases or suspects arriving at Bombay either by Sea or air. The proposal for construction of a separate 30 bedded ward in the Arthur Road Hospital for isolation of Yellow Fever cases was therefore dropped.

47. *Medical Relief to Industrial Workers.*—During the year under report preliminary arrangements are made to implement the scheme in Greater Bombay. A great deal of survey work is done and the statistics collected to enable to work out a definite plan to start the Employees State Insurance Scheme in Greater Bombay on the date fixed by Government. The major problems such as sharing of expenditure between the Corporation and the State Government and the amount of

remuneration to be paid to the panel doctors, are settled. It is proposed to start the scheme in Greater Bombay from October 1954 and in Ahmedabad from January 1955. The plan for implementation is being finalised by the Government.

48. *Community Projects.*—Six nurses of this Department were deputed at Government cost for training in Public Health Nursing at the College of Nursing, New Delhi, which they joined on 1st July 1953. On completion of their training it is proposed to employ them in the Community Development Project Areas.

49. *Miscellaneous.*—Due to shortage of B. M. S. Class III Officers, Government have, as an experimental measure, authorised the Surgeon General to appoint, in relaxation of the recruitment rules for B. M. S. Class III, persons with D. A. S. F. and equivalent qualifications to a few mi or allopathic dispensaries. This section is designated as B. M. S. Class III (Ayur.). Before joining their respective posts, the candidates are given training in medico-legal and post-mortem work for a period of fifteen days at one of the Hospitals viz. the Sassoon Hospitals, Poona, the Civil Hospital, Ahmedabad, and the J. J. Group of Hospitals, Bombay.

50. *Acknowledgments.*—The Department expresses its thanks to all individuals and bodies who have extended their generosity towards the patients in several hospitals by way of donations or gifts.

51. *Statement "A".*—The total number of Institutions open at the beginning of the triennium was 1396. During the triennium under report 63 new institutions were included on account of merger and integration of State institutions. The number of institutions open on 31st December 1953 was 1459.

52. *Statement "B".*—The following table shows the distribution of Medical Officers (including Honorary Medical Officers, nurses, midwives, dais and compounders in the various classes of Hospitals and Dispensaries and the Subsidised Medical Practitioners employed under the rural Medical Relief Schemes) during the year under report and the State totals for the last two years in this triennium, the mean for the triennium under report and for the last triennium :—

Class of Institutions.	Medical Officers.	Nurses.	Midwives.	Dais.	Compounders.
Class I—State Public ...	872	998	154	28	296
Class II—State Special ...	22	22	2	1	15
Class III—Local and Municipal Funds ...	387	245	67	65	274

57. *Statement "G".*—On the 1st of January 1953, the invested capital stood at Rs. 44,13,204. During the year Rs. 2,39,919 were invested and securities worth Rs. 93,328 were sold or withdrawn, leaving the total invested capital at the end of the year at Rs. 45,58,795.

58. Short Notes on the working of the following institutions have been attached as an Appendix to the Report—

(1) Grant Medical College, Bombay.
(2) B. J. Medical College, Poona.
(3) B. J. Medical College, Ahmedabad.
(4) Baroda Medical College, Baroda.
(5) Sir C. E. M. Dental College and Hospital, Bombay.
(6) R. A. Podar Medical College (Ayurvedic), Worli, Bombay.
(7) Haffkine Institute, Bombay.
(8) Chemical Analyser's Department, Bombay.
(9) Nutrition Department, Bombay.
(10) Drugs Control Organisation, Bombay.

(Signed) B. B. DIXIT,
Surgeon General with the Government of Bombay.

GRANT MEDICAL COLLEGE, BOMBAY.

Annual Report.

Year, 1953-54.

STUDENTS.

At the beginning of the year, i.e. on 1st April 1953, the total number of students on the Roll was 783. Of these, 124 students left the College on completion of their course during the year under report. There were 142 new admissions as follows :—

	Men.	Women.	Class.
Admission in 1953 54—			
Regular admission in June 1953...	100	20	First Year.
Regular admissions to the Condensed M.B.B.S. Course in June 1953.	20	...	Second Year.
Transfers from other Medical Colleges in February 1954.	2	...	Fifth year.
Total ...	122	20	

During the year under report 34 students left the college on other reasons, such as ill health, transfer to other medical colleges etc. and at the end of the year under report there remained 767 (639 men and 128 women) students on the roll as detailed below :—

	Men.	Women.	Total.
Reading for First M.B.B.S. Examination—			
1st Year Class	96	19	115
2nd Year Class (Regular)	101	18	119
2nd Year Class (Repeaters)	37	5	42
Reading for Second M.B.B.S. Examination—			
3rd Year Class	99	24	123
4th Year Class	126	23	149
Reading for Third M.B.B.S. Examination—			
5th Year Class (Regular)	112	32	144
5th Year Class (Repeaters)	68	7	75
Grand Total ...	639	128	767

Of these above students 34 students belong to Backward class. 733 students belong to non-Backward Class.

Examination Results—1953-54.

A SHORT NOTE ON THE WORKING OF THE B. J. MEDICAL COLLEGE, POONA, FOR THE YEAR 1953-54.

1. Students.—The college opened the year 1953–54 with 400 students on the roll as shown below :—

Class.	Men.	Women.	Total.
First M.B.B.S.—			
First Year	59	23	82
Second Year-Regular	66	15	81
Second Year Repeater	8	1	9
Condensed Course—			
First Term Repeaters	14	3	17
Second M.B.B.S.—			
Third Year—1st term	15	5	20
Third Year—2nd term	31	11	42
Fourth Year—1st term	9	6	15
Fourth Year—2nd term	23	10	33
Condensed Course—			
2nd term regulars	1	...	1
Third M. B. B. S.—			
Fifth Year—1st term	23	2	25
Fifth Year—2nd term	30	18	48
Fifth Year—Repeaters	13	4	17
Condensed Course—3rd term Regulars ...	2	2	4
Condensed Course—3rd term Repeaters ...	6	...	6
Total ...	300	100	400

During the year the following number of students were admitted :—

Class.	Men.	Women.	Total.
1st Year (new admissions)	63	17	80
3rd Year regular transferred from Medical College, Baroda.	1	...	1
Total ...	64	17	81

The following students have left the College during the year under report :—

Class.	Men.	Women.	Total.	Remarks.
2nd Year Regular	2	..	2	Expired.
5th Year Regular	..	1	1	
Condensed Course 1st term repeaters	1	...	1	Names struck off, the College rolls as they did not pay fees within the prescribed date.
Condensed Course 3rd term repeaters	1	...	1	
5th Year repeaters	..	1	1	
5th Year regulars and repeaters.	35	14	49	Passed the final M.B.B.S. examination.
Condensed course 3rd term regulars and repeaters ..	8	2	10	
Total ..	47	18	65	

At the end of the year under report 416 students were on the rolls of this College as shown below :—

Class.	Men.	Women.	Total.
First M.B.B.S.—			
1st year	63	17	80
2nd Year Regular	57	23	80
2nd Year Repeaters	6	1	7
Condensed Course 1st term repeaters ...	6	3	9
Second M.B.B.S.—			
3rd Year 1st term	23	3	26
3rd Year 2nd term	45	12	57
4th year 1st term	15	5	20
4th Year 2nd term	31	11	42
Condensed Course 2nd term regulars ...	2	...	2
Condensed Course 2nd term repeaters ...	2	...	2
Third M.B.B.S.—			
5th year 1st term	10	5	15
5th year 2nd term	28	11	39
5th year Repeaters	26	8	34
Condensed Course 3rd term Regulars ...	3	...	3
Total ...	317	99	416

The following number of Registrars, Housemen and Junior Lecturers of this College have registered themselves for the Post-graduate degrees and diplomas mentioned below during the year under report :—

	Degree or Diploma.	Examining Body.	Number registered.
(1)	M.D. (Medicine)	Poona University ...	8
(2)	M.S. (Midwifery)	Do. ...	4
(3)	M.S. (Pathology)	Do. ...	1
(4)	M.S.	Do. ...	7
(5)	F.C.P.S. (Midwifery)	College of Physicians and Surgeons of Bombay. ...	1
(6)	F.C.P.S. (Pathology)		1
(7)	F.C.P.S. (Psychiatry)		1
(8)	D.G.O.		3
(9)	D.P.B.		2
(10)	D.P.M.		1

2. *Examinations.*—According to the orders of Government regarding the conduct of the College Examinations, Terminal Examinations for the first and Second Year students were held at the end of the First term and the Annual Examination for the 1st Year students was held in March/April 1954. Annual Examinations for the Third Year 2nd Term students were held in October 1953 and March-April 1954 and for the 4th Year Second Term Students in June 1953 and November 1953. Preliminary examinations were also held for the students appearing for the 1st and 2nd M.B.B.S. Examinations held in October 1953 and April 1954. No preliminary Examination was taken for the students who appeared for the Third M.B.B.S. Examination held in October 1953 and April 1954.

Students were sent up for the University and C. of P. & S's Examinations during the year under report as shown below :—

Serial No.	Name of the Examining Body.	Examination.	Month of examination.	Number of students sent up.	Number of students passed.	Percentage of passing.
1	Poona University ..	1st M.B.B.S. ..	April 1953 ..	95	61	64·21
2	Do. ..	2nd M.B.B.S. ..	Do. ..	44	32	72·72
3	Do. ..	3rd M.B.B.S. ..	Do. ..	73	25	34·24
4	Do. ..	1st M.B.B.S. ..	October 1953 ..	33	28	84·84

Year.	Admission fee.	Tuition fee.	Library fee.	Practical Physiology fee.	Hospital fee.	Gymkhana fee.	Examination fee.	Infectious Diseases fee.	
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1st Year ...	25	350	3	...	...	16	...	...	394
2nd Year ...	...	350	3	10	...	16	40	...	419
3rd Year ...	...	350	3	...	48	16	...	40	457
4th Year ...	...	350	3	...	48	16	20	...	437
5th Year ...	...	350	3	...	48	16	75	...	492
Total ...	25	1,750	15	10	144	80	135	40	2,199

6. *Buildings.*—The new Hospital Building which is to accommodate about 500 beds is still under construction. A portion of this building has, however, been completed and 100 beds have been opened therein January in 1954. The old Gymnasium building of the College has been demolished during the year under report.

7. *Research.*—The following research schemes have been sanctioned during 1953-54 and are being tackled with the grants of the University of Poona.

(A) (1) "Antihistamines"—by Shri M. B. Gharpure, Lecturer in Pharmacology.

(2) "The Study of Lipid Partition in blood and its correlation with lepase activity"—by Shri B. B. Gokhale. Honorary Skin and V. D. Specialist.

(3) "Investigation of Ayurvedic Drugs used in the treatment of Diabetes Melletus".—by Shrimati U. A. Bhadkamkar, Junior Lecturer in Pharmacology.

(B) The Scheme of Research on "Histaminase and Histamine Activity in Leprosy and in Lepra Reaction" was sanctioned in 1953-54 and is being done with a grant from the Indian Council of Medical Research, New Delhi.

(C) Besides these, several other researches are being carried out by the staff of this College on their own.

8. *Library.*—There are at present 2,506 books including bound volumes of periodicals in the library. 544 new books were purchased during the year under report and 60 journals are being subscribed.

9. *Hospitals.*—The Clinical units formed in June 1948, functioned satisfactorily during the year under report. Clinical instructions were given in the Out-Patient Department and in the wards of the Sassoon Hospitals, by the Honorary and Assistant Honorary Medical Officers. Clinical instructions in Mental Diseases were given at the Out-Patient Department of the Sassoon Hospitals and also at the Central Mental Hospital, Yeravda, and those in Infectious Diseases were given at the Infectious Diseases Hospital. The K. E. M. Hospital, and the Cantonment General Hospital have also been attached to this College for purposes of conducting labour cases only and a few students were sent to these Hospitals, for conducting labour cases. The students performed the duties of clinical clerks and dressers according to the Schedule arranged for different units.

10. *College Teaching.*—Lectures in pre-clinical and clinical subjects to the first, second and third, fourth and fifth year students as well as to the condensed course students were given by the respective Professors and Lecturers.

11. *Extra-Curricular activities.*—A Medical Company of N. C. C. is attached to this College. There were 60 cadets and 2 officers on its roll during the year under report. The entire syllabus for the "B" and "C" certificates examinations was covered. Attendance in Parades of the N. C. C. Officers and the cadets was on the whole satisfactory. 30 cadets were discharged and 30 were enrolled afresh. A social cadre camp was held from 4th May 1953 to 2nd June 1953 at Gokak Road in which 22 cadets participated. A cadre camp was also held for a fortnight in October 1953 in which 18 cadets took part.

The Physical training drills and Gymkhana Activities continued during the year as usual.

12. *Finance.*—The receipts and expenditure of the College for the year 1953–54 are given in the subjoined table :—

Statementoof Receipts and Expenditure of the B. J. Medical College, Poona for the year 1953–54.

Receipts Items.		Amount.	Expenditure Items.		Amount.

This College is affiliated to the Gujarat Universty from November 1950, for courses leading upto the Final M.B.B.S. Examination and post-graduate courses of M.D./M.S., B.Sc. (Medl.), M.Sc. (Medl.). This institution is also recognised for the post-graduate courses and diplomas of the College of Physicians and Surgeons of Bombay.

The Local Enquiry Committee of the Gujarat University visited Sheth Vadilal Sarabhai General Hospital and Sheth Chinai Maternity Home for affiliation for teaching M.B.B.S. students of this College on 1st July 1953 and was recognised for the purpose.

Another Local Enquiry Committee of the Gujarat University also inspected the Mental Hospital, Ahmedabad, on 11th August 1953 and recommended that Hospital for recognition up to June, 1956 for training students of the B. J. Medical College, Ahmedabad, in Mental Diseases.

The members of the Enquiry Committee appointed by the College of Physicans and Surgeons of Bombay visited this institution during this year and the Physiology, Pathology and Pharmacology Departments were recognised for post-graduate course and diplomas. The Child Health Department is also recognised for F. C. P. S. and D.C.H. Courses.

We have already been shifted from the old congested place to our new and commodious buildings in October last.

The income and expenditure for the year 1953 are shown in the subjoined form :—

Income.	Rs.	Expenditure.	Rs.
College fees	1,12,028	Pay of Officers	1,12,022
Hostel fees	9,518	Pay of Establishment ...	67,812
Miscellaneous receipt ...	1,599	Allowances and Honoraria ...	1,38,879
		Contingencies including Abstract grant and Equipment.	1,57,166
Total ...	1,23,145		
		Scholarships, Director of Public Instruction.	2,700
		Backward Class (Bombay State).	480
		Backward Class (Government of India).	3,396
		Total, Expenditure ...	4,82,455

MEDICAL COLLEGE, BARODA.

Annual Report 1953-54

(1st April 1953 to 31st March 1954)

I. *General.*—The College entered its 5th year during the year under report. The first batch of 20 students were signed up for the 3rd M.B.B.S. Examination to be held in April 1954 by the M. S. University of Baroda—

(*a*) For students admitted in June 1953 and onwards the University has prescribed a course of study for 5 ½ academic years to be divided as follows :—

1 ½ academic years for pre-clinical subjects.

3 academic years for clinical subjects.

12 months post examination training. The details of the post Examination training will be finalised later. Suggestions made at the meeting of the Faculty of Medicine on 28th March 1954 were sent to Surgeon General on 1st May 1954 under my No. G/8/291 dated 30th April 1954.

(*b*) The Board of visitors of the M. S. University of Baroda visited the College and the allied Hospital on 17th January 1954 and have submitted their report on 19th February 1954. It is very desirable that all the recommendations should be implemented as soon as possible.

(*c*) The construction of a Rasshala for the Sheth U. P. Ayurvedic Research Unit has been completed and it is hope research work will now be started. This Unit works under the administrative control of the University.

(*d*) *Dresser's Course.*—The response to the advertisement in March 1953 for application for admission to this course was very poor. The course was therefore not started.

(*e*) The College Council assembled on 28th June 1953 and 22nd December 1953 to select Registrars and Housemen and to approve the Time Tables.

II. *Buildings.*—(*a*) Buildings completed and occupied during the year under report :—

(*i*) New Out Patient Department (Cost about 11 lacs) has been occupied since 1st February 1954.

(*ii*) Quarters for Professor's have been occupied since 1st March 1954 and the Intern Students' Hostel will be occupied from June 1954. Furniture will be provided to the students.

(*iii*) The Excise Drugs and Public Health Laboratories have occupied the rooms allotted on the Ground Floor since June 1953.

(*iv*) The quarters for Resident Medical Officers (Registrars and Housemen) has been occupied since 16th April 1954.

(*b*) *Works under construction.*—(*i*) Infectious Diseases Hospital for 60 beds :—The work is proceeding rapidly.

(*ii*) A Hall of Residence near the University Office is being constructed by the University. Government have given a non-recurring donation of Rs. 3 lacs to the University. In the three Halls of Residence of the University, 108 seats will be made available to *male* Medical students.

(*c*) *Work under consideration.*—(*i*) Water supply arrangement for College and Hospital. A new sump and Extra tanks are being erected.

(*ii*) *students*—

The numbers on the rolls on 31st March 1954 are as follows :—

Year.			Men.	Women.	Total.
5th Year II Term	...	...	29	2	31
5th Year I Term	...	...	7	1	8
4th Year II Term	...	...	28	1	29
4th Year I Term	...	...	6	...	6
3rd Year II Term	...	...	21	4	25
3rd Year I Term	...	...	7	3	10
2nd Year regular	...	...	35	5	40
2nd Year casuals	...	...	1	1	2
1st Year	...	...	53	7	60
	Total	...	187	24	211

One student was transferred to B. J. Medical College, Poona in November 1953.

(III) *Examinations*—(*A*) *College.*—Terminal and Preliminary Examinations were held for 1st and 2nd year students and Annual Examinations, Monthly tests and Ward Term Tests for the 3rd, 4th and 5th years students, according to rules laid down in G. L. 5956/33/53985-Q dated 17th March 1951 and 12th February 1952.

(*B*) *University.*—The numbers of students who appeared in the Examinations, conducted by the M. S. University of Baroda in 1953–54 are :—

	October 1953.	April 1954.
(1) III M.B.B.S.	...	20
(2) II M.B.B.S.	8	32
(3) I M.B.B.S.	12	35

(IV) (A) *Freestudentships.*—Number of full freestudentships as per scheduled standard of 10 per cent. of the total Number of students 20

Number of freestudentship to Backward Class students ... *Nil.*

Number of partial freestudentships (10 to 15 per cent. of the total Number of students) 24

Number of freestudentships suspended due to failures—

I Term 10

II Term 14

Total value of freestudentships ... ... Rs. 8,050

Total value of Backward Class freestudentships ... ... *Nil.*

(B) *Scholarships.*—Scholarships and other financial concessions were awarded during the year under report as follows :—

	Number of students.	Amount per student Per mensem.
1. Government Women Scholarship ...	1	40
2. Stipends to displaced students ...	3	60
3. B. C. Scholarships from Government of India	9	60 Lump sum Rs. 1,100 App
4. B. C. Scholarship from Government of Bombay	...	
5. From Other sources—		
Saurashtra Government	5	40
Sayajirao Diamond Jubilee T. F. ...	5	20 and 40
Sayajirao Maharaja Scholarship ...	5	15 and 12
Mysore State Damodardas Khadayta Scholarship	3	40

V (A) A third Unit in Medicine and Surgery has been staffed since 1st February 1954. There are now three units in Medicine and Surgery, two in Obstetrics and Gynaecology and one in Ophthalmology and Paediatrics. It is under the consideration of Government to appoint full time B. M. S. Class I Officers in the Orthopaedic E. N. T. and Skin and V. D. Departments and also a Resident Pathologist and a Resident Anaesthetist.

(B) Systematic lectures were delivered and practicals conducted from 1st to 5th Year as prescribed by the University. The students in their IV Year were sent to Bombay for training in Infectious Diseases and Vaccination for 3 weeks in April-May 1954 to the Arthur Road Infectious Diseases Hospital.

VI. *Museums* :—

1. Anatomy (including comparative anatomy and Embryology).	Models—(Anatomy and Embryology).	149
	Diagram Charts ...	133
	Specimens—Dry and Wet ...	739
2. Pharmacology ...	Drugs (including preparations of various firms).	573
3. Toxicology ...	... ...	99
4. Pathology ...	Models ...	76
	Specimens—Dry and Wet ...	1,021
5. Hygiene ...	Models	178
	Slides	400
	Charts	28
6. Forensic ...	Specimens Dry and Wet ...	66
	Charts	3

VII. *Library.*—Library hours 10-30 a.m. to 5-30 p.m.

	Rs.
Amount spent during the year	5,077
Total number of books in the Library	3,487
Total number of Journals	45
Total number of books purchased during the year ...	121

VII. *Extra Circular Activities.*—(*a*) The 4th year students were taken on an academic tour to Poona in November 1953. They visited Preventive Medicine Section of the Armed Forces Medical College, the Artificial Limb fitting Centre, the Water Purification Works, the Bahiroba pumping Station for disposal of sewage the Mental Hospital and Industrial School at Yeravda, and the National Chemical Laboratories. The University generously contributed Rs. 450 towards the travelling expenses.

(*b*) This College participated in the University Week celebrations and Exhibitions from 29th November 1953 to 4th December 1953.

(*c*) Annual sports of the College were held in January 1954.

(*d*) The Annual Social was held on the premises of the College on 17th February 1954. The students organised a good variety entertainment. H. H. The Maharaja Fathesinhrao Gaekwad of Baroda, Chancellor of the M. S. University of Baroda was the Chief guest.

VIII. *Artist.*—During the year under report the artist prepared 157 drawings and charts and models to meet the requirements of various departments. The total number of charts in the College now are 528.

IX. *Hostels.*—There were 38 students in the Medical College Hostel. Shri H. C. Gupta, Junior Lecturer in Bacteriology was the Warden of the Hostel. The Warden stays on the premises of the Hostel.

The University accommodated 48 men and 8 women Medical Students in its Halls of Residence.

X. *Receipts and Expenditure* :—

Receipts.	Expenditure.	Rs.
Rs. 71,736 (Excluding Hostel rent Rs. 2,314 which is credited to 39 Civil Works).	Salaries	1,41,024
	Allowances, Hon. etc. ...	68,953
	Contingencies	21,017
	Cost of equipments	52,714
	Scholarships, stipend etc. ...	2,904

SIR C. E. M. DENTAL COLLEGE AND HOSPITAL, BOMBAY.

Annual Report of the Sir C. E. M. Dental College and Hospital, Bombay for the year 1953.

The number of students admitted to this institution for the B. D. S. Degree course University of Bombay is on the increase. In 1952, total number of students was 94½ while in 1953 it has gone upto 102. The following table shows in detail the number of students studying in different classes during the year 1953.

year.	Male.	Female.	Total.
First Year	27	3	30
Second Year	27	6	33
Third Year	15	2	17
Fourth Year	17	2	19
Condensed Course	3	.....	3
	89	13	102

The following figures represent the new admissions during the last two years.

Year.	Number of students admitted.
1952	30
1953	30 plus 1 from Africa.

The following is the result of the Final B. D. S. Examination held during the last two years.

Month and year.	Number of students appeared.	Number of students passed.
April 1952	6	4
October 1952	10	9
April 1953	12	7 One passed with distinction in Medicine.
October 1953	8	7

One graduate on the staff of this institution during the year 1953 awarded scholarship and has gone abroad (U. S. A.) for further training in Dentistry.

The Research work in Dentistry is carried out at the Sir C. E. M. Dental College and Hospital, Bombay. During the year under report, Dr. (Miss) K. N. Jai, B. D. S. (Bom.), a graduate of this college was continued as Research Fellow by the Indian Council of Medical Research, New Delhi and she continued carrying on research for studying on the growth of face from infancy to maturity under the guidance of Dr. C. Coelho, Professor of Children diseases, Grant Medical College, Bombay and Dr. K. L. Shourie, Principal, Sir C. E. M. Dental College and Hospital, Bombay.

Ten papers on different subject of Dentistry were published during the year by the members of the staff of this institution.

During the year, Government and the University of Bombay, continued the sanction of admission of 10 additional students to the first year B. D. S. class of this college and 10 more students i.e. 30 students in all were admitted to the first year B. D. S. class. Besides this one more student from Africa was admitted on the recommendations from the Government of India.

The course of training in dentistry for Dentists registered in part B (Temporary) of the Dentists Register for qualifying for registration in Part B (Permanent) of the same Register was continued at this institution during the year.

After duly completing the course of training five candidates appeared for Examination No. II in June 1953 and 3 passed and six candidates appeared in December 1953 and the 6 passed.

During the year 1953, the work in the conservation, Prosthetics, Orthodontics and Extraction Departments was carried out at full swing because of increase in the number of students as well as the increase of patients attending the Dental Hospital. All the above four departments were fully equipped with all the necessary instruments and materials. The students were regularly carrying out all types of dental work.

The following table represents the various dental works done during the last two years :—

Extraction Department.	Year.	Extraction of teeth under local anaesthesia.	Extraction of teeth under General Anaesthesia.	Total.
	1952 ...	17,331	3,558	20,889
	1953 ...	19,344	3,106	22,450

Conservation Department	Year ...	Silver alloy fillings scalings, root canal Jacket crown etc.	Dental X-rays
	1952 ...	8,226	3,856
	1953 ...	8,559	5,189

Prosthetic Department ...	Year ...	Full and partial dentures, repairs to dentures.
	1952 ...	866
	1953 ...	1,514

Orthodontic Department.	Year. ...	Orthodontic appliances.
	1952 ...	726
	1953 ...	1,642

Out-patient Department.	Year.	Number of new patients attending the out-door.			Daily average Number of patients attending the out-door.
		Male.	Female	Total.	
	1952	...12,671	6,111	18,782	61·78
	1953	...14,344	7,119	21,463	69·91

Summary	Year.	Number of new cases attending the hospital.	Number of old cases attending the hospital.	Total cases attended.	Daily average of cases attended.
	1952 ...	18,782	30,893	49,675	163·4
	1953 ...	21,463	31,114	52,577	171·26

The following equipment and materials was purchased from the Military disposals authorities from the special grant of Rs. 10,000 sanctioned by the Government of Bombay :—

88 Stools Steel.

2 Cautry and light apparatus.

10 Chairs dental pump perfected with attachment complete (Repairable).

3 Chairs revolving with adjustable back (Repairable).

16 Chairs ophthalmic comp.

6 Table instruments portable.

6 Table instruments folding.

5 Table operation sponge.

4 Trolley frame work.

4,000 Sets—Teeth posterior lower, set of 6

3,700 sets—Teeth upper set of 8

18 Lamp electric microscope comp.

6 Lamp electric microscope for dark ground illumination comp.

4 Microtome rocking.

Refresher courses in Oral Pathology, Oral Surgery, Operative Dentistry on 13th February 1954, Prosthetic Dentistry on 17th February and Perodontia on 18th February 1954 were held at the time of the meeting of the All India Dental Association on 14th, 15th and 16th February 1954. Al the courses were well attended and appreciated by the practising dentists from different places in the country.

Third year M.B.B.S. students attended the Dental Hospital to receive instruction in Dental Treatment during the year 1953.

SIR C. E. M. DENTAL COLLEGE, BOMBAY.

Statement showing the receipts and expenditure relating to the Sir C. E. M. Dental College, Bombay, for the financial year ending 31st March 1954.

Receipts.		Rs. a. p.	Expenditure (38, Medical).		Rs. a. p.

R. A. PODAR MEDICAL COLLEGE (AYUR.) AND HOSPITAL, WORLI, BOMBAY.

These Institutions are entering into 14th year of their existence, during which period they have made rapid progress in the field of Ayurvedic education and treatment as well as service to the suffering humanity. The M. A. Podar Hospital has become very popular not only among the people of the surrounding areas but also of suburbs, especially for the treatment of chronic cases on the ayurvedic lines. Many new departments have been opened, such as casualty medical department, emergency, etc.

These institutions owe their existence to the magnificent donations from the great philonthropist family of Podars, headed by late Shri Anandilal G. Podar, late Shri Ramdevji A. Podar, and now by Shri Ramnathji A. Podar, M.P., J.P.

Admissions.—The R. A. Podar Medical College (Ayurvedic) has carved its place among the few Ayurvedic Colleges of India, mainly due to the high teaching standard, efficiency, interest and high qualifications of staff and better facilities for teaching. All these qualities have been combined to make it a popular Ayurvedic College. Transfer applications were received not only from outside Colleges of Bombay State alone, but also from the other States. Last year the new degree course was introduced, which has raised the admission—qualification to Inter-Science. The rush for the admission was even greater than that for the Diploma course, but according to the rules of the Faculty only 54 students were admitted. The ratio for admission is fixed according to the number of beds provided in the attached M. A. Podar Hospital. The Government sanctioned an increase in the number of the admission from 45 to 54. The number of seats for the next year is likely to be raised upto 60. The proposal for construction of additional storey on the hospital building is under consideration of Government.

Results.	April 1953.		October 1953.	
	College.	Faculty.	College.	Faculty.
	Per cent.	Per cent.	Per cent.	Per cent.
I Year G.F.A.M. ...	.....	.....	20·75	16
I Year D.A.S.F. ...	Cent Per cent.	48	.....	.....
II Year D.A.S.F. ...	63·46	47·87	80·95	77·99
III Year D.A.S.F. ...	Cent Per cent.	92·64	93·33	95·22
IV Year D.A.S.F. ...	59·09	62·98	62·85	25

The result of the New Degree Course is very disappointing.

Our Staff.—The popularity and high standard of teaching and training is due to highly qualified and devoted staff which tries to keep a Ligh standard of teaching. The majority of teaching staff hold the Post-graduate qualifications.

Income and Expenditure.—The receipts and expenditure of the College for the year 1953–54 are as given below:—

Receipts.				Expenditure.			
Items.	Amount.			Items.	Amount.		
	Rs.	a.	p.		Rs.	a.	p.
College fees	35,825	0	0	Pay of Officers	16,430	0	0
Miscellaneous charges ...	837	0	0	Pay of Establishment ...	23,593	0	0
Total ...	36,662	0	0	Allowances and Honoraria ...	19,577	0	0
				Contingencies	44,385	0	0
				Scholarships and Payment a/c practical institutions to students	2,595	0	0
				Total ...	1,06,580	0	0

BRIEF REPORT OF THE WORKING OF THE HAFFKINE INSTITUTE, BOMBAY, FOR THE YEAR 1953.

General.—During the year under review the Institute continued to maintain a steady progress in all the various branches of its activity. During March 1953, a team of Visiting Scientists had come to India and advantage was taken of their presence in India, and Sir Alexander Flemming and Dr. Corneille Heymans two distinguished members of the Team were invited to the Institute to give talks and demonstrations to the members of the scientific staff of this institute. This was very much appreciated by all concerned. In the middle of 1953 there was a severe outbreak of cholera infection all over the Country and the State and huge demands for the supply of cholera vaccine was made on the Haffkine Institute. This was promptly met with the co-operation and concerted efforts of all the members of the staff and over 19·0 million m. l. of cholera vaccine was supplied during the year 1953 as against 3·8 million m.l. during 1952. Incidental to this outbreak of cholera epidemic there was a heavy demand for parenteral solutions also and this was also met very promptly. During the year there was an outbreak of epidemic Dropsy at Nadiad in Kaira District and the Insititute colaborated with the Department of Nutrition in investigating the cause of outbreak of the same.

Depatrment of Vaccines.—During the year under review, the demand for Plague vaccine fell to a still lower level than that of 1952. The demand for the T.A.S. Vaccine was also slightly lower than the year before. However in regard to cholera vaccine there was an exceptionally heavy demand during the year owing to the outbreak of cholera epidemic all over the Country. The manufacture of cholera vaccine had to be geared upto the maximum level of production for about 4 months to meet an unusually heavy demand for 15 million m. l. of vaccine during so short a space of time. It was almost a record production in the history of the Haffkine Insitutute.

The following quantities of vaccine were issued during the year :—

Palgue Vaccine	11,76,727 m.l.
Cholera Vaccine	1,98,31,539 ,,
T. A. B. Vaccine	3,21,225 ,,

Media Section.—This section has been developed into a more or less separate manufacturing Section so as to undertake the production of media required for manufacture of vaccines or other routine work and for the manufacture of parenteral solutions. During the year, 4337 flasks of Casein Hydrolyate medium for plague and 31,663 flasks for cholera were prepared. For the preparation of T.A.B. Vaccine, 1,295 Roux bottles containing 200 m.l. of agar in acid digest broth each were prepared.

As regards the manufacture of parenteral solutions, it may be mentioned that during the year 1953 this Section manufactured altogether 1,00,073 bottles of parenteral solutions valued at Rs. 1,94,934.

Department of Antitoxins and Sera.—During the year 1953 the production of Antitoxins and Sera exceeded those of year before. On the whole, 238 horses were used during the year 1953 of which 53 hourses were under preliminary immunization at Pimpri. These hourses yielded altogether 80,23,000 m.l. of plasma and out of this 1,391,000 m.l. concentrated sera was processed as against

8,31,000 m.l. of concentrated sera processed during 1952. Correspondingly the sales also have gone up during 1953. All this was possible due to the acquisition of an additional Farm at Pimpri near Poona where it was possible to keep a reserve of horses and utilise all the horses at the Haffkine Institute for hyper immunization. During the year the following Antitoxine and Sera were issued by the Department for use in man.

Name of Sera.	Quantity in M.l.
1. *Tetanus Antitoxine*—	
(*a*) Prophylactic 3,000 I. U. in 2 m.l.	4,78,108
(*b*) Curative 10,000 I. U. in 5 m.l.	17,755
(*c*) Curative 20,000 I U. in 10 m.l.	1,06,870
(*d*) Highly concentrated 20,000 I. U. in 4 m.l. ...	67,768
2. *Diptheria Antitoxine*—	
(*a*) Prophylactic 1,000 I. U. in 2 m.l.	2,684
(*b*) Curative 5,000 I. U. in 5 m.l.	4,000
(*c*) Curative 10,000 I. U. in 10 m.l.	1,39,700
(*d*) Highly concentrated 10,000 I. U. in 5 m.l.... ...	23,205
3. *Gas Gangrene Antitoxine*—	
(*a*) 3,000 I.U. Welchii Antitoxin in 10 m.l.	69,470
(*b*) 9,000 I. U. Welchii, 4,500 I.U. Septique and 9,000 I.U. Oedematiens Antitoxins, in a volume not exceeding 15 m.l. highly concentrated and purified	1,740
4. Anti-Plague serum, 20 m.l.	500
5. *Lyophilised Polyvalent Antisnake venom Serum* 10 *m.l.*—	1,05,580
6. *Anti-dysentery Serum*—	
(*a*) Natural, 20 m.l.	800
(*b*) Concentrated 4,000 I. U. in 5 m.l.	265
7. *Tetanus Toxoid*—	
(*a*) 10 m.l.	1,820
(*b*) 5 m.l.	1,505
(*c*) 1 m.l.	1,412
	Quantity in m. l.
8. *Diphtheria N. A. F. T. Toxoid*—	
(*a*) 5 m.l.	535
(*b*) 1 m.l.	660
9. Lyophilised Schick Test Toxin for 25 Tests	4 boxes.
10. Normal Horse Serum 10 M. L.	1,880

Total—10,20,335 m.l. of Antitoxins and Sera and 5,932 m.l. of Toxoids.

Department of Entomology.—During the year all routine work in connection with the identification of fleas and rodents referred to us were attended by this Department. Further, a Plague Preventive Measure Class was conducted for the benefit of the Public Health Personnel of the State from the 6th April to the 21st April 1953. During the year, the renovated open-air snake farm was started at this Institute and three kinds of poisonous snakes namely, Cobra, Kraits and Russels Viper were released in the farm that was built to provide natural surroundings most suited to their habits. The average venom yield per snake kept in the farm was found to be greater than that of snakes kept in custody in cages. A scheme financed by the Indian Council of Medical Research for studies on Indian Poisonous Snakes was handled by the Department of Entomology and ecological and morphological studies on Cobra, Krait, Russel's Viper and Echis were conducted during the year. In addition to this, an Entomological Survey of the Swadeshi Mills Area, Kurla was also conducted. The investigations are still in progress and as soon as they are complete a survey report will be submitted to the Mill authorities, who sponsored the Survey.

Department of Clinical Pathology.—The Department of Clinical Pathology as usual carried out bacteriological, serological, and biological tests on clinical materials received from Government hospitals and Dispensaries and other Private Medical Practitioners. During the year 25,644 examinations were altogether carried out in the Laboratory. In addition to the above. Histopathological work was also done in the Department of Clinical Pathology and over 2,056 pathological specimens received from outside were examined and reported upon. Under the Typhoid Scheme sanctioned by the Government, 765 calls were attended to during the year as against 864 during 1952. The fall in the Number of calls during the year under review as due to not attending to calls wherein Chloromycetin had already been administered for more than two days. In the examination of 765 blood samples for culture and Widal, 262 cases were found positive.

The Department of Clinical Pathology also undertook to act as a reference laboratory on behalf of the World Health Organisation for Veneral diseases control programme. Under this scheme 928 samples were tested during the year and it revealed that there was agreement with our results to the extent of 96·5 per cent. Besides these activities, the Diagnostic Reagents Unit attached to this Department continued to prepare and supply various reagents for diagnostic purposes and their sales increased considerably during the year under report.

Department of Pharmacology.—During the year under review the Department maintained satisfactory progress. Altogether 1,909 samples were tested by the Department as against 1,504 samples tested during the year 1952. The drugs tested covered a wide range of both pharamacopeal and non-pharmacopeal substances. Out of the total samples examined, 27 per cent. were of non-standard quality as against 33 per cent. recorded during the pevious year. This improvement was noticed in those preparations which were tested for "quality control". Standard of the drugs tested under the Drugs Act did not show any change for the better, the percentage of non-standard drugs being 35 per cent. as against 37 per cent. in the previous year. During the course of analysis of drugs, glaring intances of faking of essential life saving remedies were brought to light. Altogether 500 vitamin preparations were analysed and the analysis suggests that the proper understanding of the stability of the various vitamins under the different conditions and incompatibility between ingredients is essential before any complex mixture of vitamins with other substances are released for sale in market.

Department of Biochemistry.—During the year under review, the work of the Department increased further and altogether 7,158 biochemical analysis were carried out as against 6,552 during the preceding year, 1952. This consisted of 3,752 samples on blood, 1,324 on C. S. F., 380 on urine, 1,318 on milk and 470 for some special tests. As will be seen from the number of samples examined, the milk samples continued to be as heavy as during the preceding year and there was constant pressure of work. Certain attempts were made to introduce uptodate modifications and develop similar techniques particularly for quantitative blood analysis. For the estimation of potassium in serum, a micro-method is under investigation, which would result in a considerable saving of labour. The study of blood glycogen levels of normals as well as pathological cases has been taken up and it is under progress.

Department of Virus diseases including Rabies.—This Department continued its normal activities of (1) preparation of large quantities of Rabies Vaccine and its distribution to Anti-rabic Treatment Centres in and outside the Bombay State, (*ii*) affording treatment for dog-bite cases and (*iii*) rendering aid in the diagnosis of rabies in animals. During the year, 8,714 persons applied for Anti-rabic Treatment, of whom 7,722 completed the full course of treatment and the rest were "advice cases". During the year, 26,10,160 m.l. of A. R. Vaccine was manufactured and 23,24,967 m.l. was supplied to various Anti-rabic Treatment Centres. Eight more Anti-rabic Treatment Centres were opened, which brought the total Number of Anti-rabic Treatment Centres based on this Institute for supplies to 153.

In addition to the manufacture and supply of A. R. Vaccine, studies were carriedi out on other viruses such as Influenza, Vaccinia and Variola, and Herpes Simplex. The Government of India, Yellow Fever Diagnostic Unit continued to be attached to this Institute and gave Yellow Fever inoculations to all passengers going abroad to the Yellow fever Endemic areas.

Blood Bank Department.—The routine work of processing and lyophilising of human plasma was continued during the year. Altogether 2,678 members donated blood during 1953 of which 388 were from Jail prisoners. The total amount of plasma collected was 3,88,250 m.l. and the dry plasma processed during the year amounted to 4,28,750 m.l. During the year, 1,316 bottles of dry blood plasma were issued, of which 425 bottles were issued free to Civil Hospitals, and the rest were issued on payment. Side by side with the manufacture of plasma, the work of investigations on iso-immunization due to Rh factor was continued during the year 1953.

Department of Chemotherapy Sulphonamide Section.—The manufacture of Sulphathiazole in the form of B. P. Powder, tablets and injectibles was continued during the year and the demands of various Government and Municipal hospitals and Public Health Bodies were fully met. Sulphathiazole tablets were also made available to Registered Medical Practitioners and charitable hospitals. Altogether 25,20,600 tablets 303 lbs. of B. P. Powder and 19,500 c.cs. of injectible sulphathiazole were sold during the year 1953. Side by side with the manufacture of sulphathiazole, investigations in connection with the manufacture of other sulpha drugs, viz. Sulphamerazine, Sulphamethazine, and Sulphaguanidin were undertaken and are being continued.

Vitamin Tablet section.—The manuacture and sale of different kinds of vitamin tablets was continued during the year under review, About 95,00,000 of vitamin tablets of different compositions were sold during the year. The question of entrusting the whole-sale distribution of vitamin tablets to some commercial agency was long under correspondence, but eventually it was abandoned. A Business Manager has now been appointed and it is hoped that he would be able to consider the question of Sales of the tablets after he has studied the financial working of the Institute.

In addition to the above two sections of work (sulphonamide Section and Vitamin Tablet Section) the Department of Chemotherapy was also entrusted with the retail sale and distribution of Quinine and Quinine substitutes, which were hitherto carried out by the Superintendent of Prohibition and Excise, Bombay.

Miscellaneous.—During the year all the Departments mentioned above carried out researches in their respective fields of investigation and a comprehensive report about them appears in Part II of the 1953 Anual Report. In addition to these researches, three scientific enquiries sponsored by the Indian Council of Medical Research were conducted during the year 1953. They were (*i*) Plague Researches (*ii*) Enqiry on the Role of Nutritional Factors and (*iii*) Enquiry on the Study of Indian Poisonous Snakes. Besides these enquiries two scientific fellowships offered by the Unichem Laboratories Bombay and on Junior Medical Research Scholarship offered by the Reptakos Medical Research Board were attached to this Institute in addition to two scholarships of the Bombay, Government. Lastly it may also be mentioned that altogether seven students were admitted into the Institute for doing their Post-graduate degree course by thesis.

General.—On the whole the Institute maintained alround progress both in the fields of manufacture and research and continued to render very valuable service to the public. A statement of receipts and expenditure for the year 1953 is attached herewith.

Income and Expenditure statement for the year, 1953.

Receipts.				Expenditure.			
XXVII—Medical Bacteriological Laboratories.				*38, Medical.*

THE DEPARTMENT OF CHEMICAL ANALYSER TO GOVERNMENT, BOMBAY.

The following is a short summary of the works performed by the Chemical Analyser to Government, Bombay, during the year 1953.

	Total Number of Cases investigated.	Total Number of articles examined.
Cases of human poisoning	1,896	3,433
Cases of animal poisoning	59	242
Stain Cases	1,383	7,206
Miscellaneous Medico-legal cases	529	1,673
Samples from Excise Department	.....	12,285
Other Government work	.....	6
Miscellaneous work	.....	350
Prohibition	.....	7,606

The statement of income and expenditure for the year 1953 is furnished below :—

Receipts.			Expenditure.		
Items.		Rs.	*Items.*		Rs.
Fees from private parties	..	18,130	Pay of Officers	.. ..	16,311
			Pay of Establishment	..	15,265
			Temporary Establishment	..	2,018
			Allowances	.. ..	12,920
			Contingencies	.. ..	2,502
Total	..	18,130	Total	..	49,106

32,801 articles were examined. The cost of analysis per article works out to Rs. 1-8-0.

The details of the working of the Department have been furnished in the Annual Report of the Chemical Analyser to Government for the year 1953.

DEPARTMENT OF NUTRITION.

A short note on the working of the Department for the year 1953.

During the year under review, progress in the deve'opment of the nutritional activities in Bombay State, has been maintained.

(A) PUBLIC HEALTH NUTRITION WORK.

(1) *Diet Survey.*—(*a*) In connection with the elaborate diet survey work at the Karjat Community Project Area (District Kolaba), diet survey of 25 families was carried out in Humgaon Village. The diets were not very satisfactory. The nutrient analyses showed inadequacy of all the nutrients except Iron.

(*b*) As a part of the nutritional appraisal of labourers of scarcity works, the actual foodstuffs consumed by about 20 families, was investigated in three scarcity works in Nasik and West Khandesh Districts. In view of the inadequacy of the diets, suitable suggestions, such as the opening of ' Fair Price Shops ' where pulses, jaggery and vegetables may be made available in addition to 16 ozs. of cereals, were made to the Government.

(*c*) As a preliminary to the nutritional study in detail at Sirur Health Unit, District Poona, a dietary survey of a few families in the Ghodnadi Area of this Unit was carried out and further study is in progress.

(2) *Community Feeding*—(*a*) *Maternity and Child Welfare Centres.*—The study of the work done in these centres in Greater Bombay, with a view to explore the possibility of advising and educating the mothers in matters of diet and nutrition concerning them and their children, has been continued.

(*b*) *Nursery Schools.*—The diet study of these schools has been continued and suitable diets have been planned for some of these Schools.

(*c*) *School Feeding.*—In order to study and encourage school feeding programmes in Schools, visits to Schools in Greater Bombay have been continued. In all 48 visits were paid to 32 schools including 21 new schools, 12 of which were having feeding arrangements. Nutritious snacks with detailed instructions were suggested for introduction in six schools. In addition to the usual paucity of funds, the want of adequate space is the main obstacle in the expansion of school feeding programmes. In view of this difficulty, the Deparment is seeking the co-operation of local social organisations for the sale of nutritious snacks at the school premises. Such an arrngement has been made in one of the schools.

(*d*) *Canteen Feeding.*—(*i*) In all 41 industrial canteens were visited in Greater Bombay, Ahmedabad, Sholapur and Poona, and necessary recommendations were forwarded to the managements. Emphasis was put on the use of milk and milk products and leafy vegetables in the preparation of snacks and full-meals.

(*ii*) ' *Square-meal* ' *Canteen.*—Periodical visits were paid to this Canteen in order to help maintain the nutritional standard of the meals served to about 600 members of the Bombay Secretariat.

(*iii*) ' *Annapoorna* ' *Cafeteria* :—The nutritive value of two full-meals, 3 beverages and 14 snacks which are served at this Cafeteria were worked out by the Department. The Annapoorna Dining Car of the Western Railway in Bombay, has been visited to study the catering service.

(3) *Hospital Diets.*—(*i*) The staff of the Department paid surprise visits to 21 Civil Hospitals in Greater Bombay and the Districts to check the issue of different diet scales approved by the Government. After a study of the data thus collected, suitable reports were sent to the Government.

(*ii*) The diets of two Municipal Hospitals—K. E. M. Hospital and Group of T. B. Hospitals, Bombay and a private Hospital were studied and suitable recommendations were sent.

(*iii*) *Nurses' Diet.*—Visits were paid to nurses' messes attached to the Civil Hospitals at Baroda, Dhulia, Belgaum and four Government Hospitals in Greater Bombay, in order to study as to how far the recommended diet scales for the nurses were implemented.

(4) *Institutional Diets.*—(*a*) Jail Canteen: After a study of the existing dietary conditions, suitable recommendations were sent to the managements of two Jail Canteens.

(*b*) Two Colleges and an orphanage in Southern District were visited for dietary studies of their hostel messes, and suitable recommendations were sent.

(*c*) A set of two diet scales-vegetarian and non-vegetarian for the two messes of the Grant Medical College, Ladies Hostel, Bombay, were recommended to the Principal of the College after a detailed study of the existing conditions.

(*d*) Diets of two unclassified institutions were studied and suitable recommendations were sent to the managements.

(*e*) At the request of the Indian Seafarers' Federation, Bombay, the Scheduled diet scale for an Indian Seaman was analysed.

(5) *Nutrition Education and Publicity.*—(*a*) *Nutrition Education Stalls.*—The Department participated in nine exhibitions in Greater Bombay and the Districts by putting up suitable nutrition education stalls. Similar stalls were also put up at some labour welfare centres in Greater Bombay.

Arrangements were made to sell the brochure 'The Road to Good Nutrition' as also to distribute leaflets on Balanced Diet' and 'Culinery Corner' to the public, at the above exhibitions. Wherever possible, film-shows were arranged.

As usual the Department participated in the W. H. O. Day celebration by organising a small nutrition education stall at a Women's Institute in Bombay.

Demonstrations.—With a view to popularise subsidiary foods, recipes were prepared and demonstrated at labour welfare centres in Bombay and at the Karjat Community Project Centre.

A senior Nutritionist visited Annapoorna to demonstrate and give a talk on cooking methods.

Lectures.—Senior Nutritionists of the Department gave series of lectures on nutrition in Greater Bombay and in the Extension Training Centres in the Districts.

The members of the staff co-operated in the third training course in Nutrition and Catering of the All India Women's Food Council, Bombay.

The Assistant Director gave a broad-cast talk on Science and Sociology, Medical Research, on All India Radio, Bombay.

(*B*) Clinical Nutrition Work.

(1) '*Nutrition Clinic*' (*J. J. Group of Hospitals*').—(*a*) In all, 43 patients—20 male and 23 female, were admitted during the year.

(*b*) In all, 44 patients were discharged—22 cured; 10 relieved; 4 discharged against medical advice; 5 transferred to medical wards of J. J. Group of Hospitals; 2 absconded and 1 expired.

The majority of cases were of Hypoproteinaemia, Hypovitaminosis B and general undernutrition.

(2) *Clinical Nutrition Surveys.*—(*a*) A nutrition survey of 1,000 labourers and their family members in scarcity works in Nasik and West Khandesh Districts was also carried out. The nutriture of adult men was found to be slightly below par. Undernourishment was evident in many women workers and almost all the children. Based on the above findings, suitable recommendations, including the distribution of vitamin tablets to mothers and children, were made to the Government.

(*b*) During the visit of the Assistant Director in-charge of the Department to the Sirur Health Unit (District Poona), a number of mothers and children of a rural clinic were examined with a view to plan future line of work in the rural areas around this Health Unit.

(3) *High Incidence of Uninary Stone in Mehsana District.*—During the visit of the Assistant Director, in-charge Department, the system of water supply to the Mehsana town was observed. In addition to the collection of typical samples of stones from operated cases in the Civil Hospital, samples of water from different sources were analysed. Clinical examination of growing school children of the Mehsana town, did not show evidence of any gross undernourishment or malnutrition. There was no evidence of any marked hypovitaminosis A.

(4) *Epidemic Oedema Syndrome in Nadiad* (*District Kaira*').—Some time in the middle of June 1953, some of the people of all socio-economic levels, experienced malaise, vague upper abdominal discomfort, passed frequent and semiliquid stools and all of a sudden developed oedema of the feet. Besides, an erythematous rash particularly over the oedematous parts, developed. The clinical picture resembled 'epidemic dropsy' including myocargial damage in severe cases. Investigations of samples of water, cereals, edible oils, etc. were carried out and some of the samples of edible oil showed the presence of argemone oil.

(5) The field work in connection with the heights and weights of infants and toddlers by visiting maternity homes and nursery schools has been continued.

(*C*) Laboratory Work.

(1) *Research Work.*—(*i*) Nutritional evaluation of food-tuffs commonly consumed in Bombay State. A programme of work undertaken to find out the nutritive value of commonly consumed foodstuffs about which no detailed information has been available, was continued.

(*a*) During the year, the proximate principles, minerals (Ca, P and Fe), carotene, 'B' group of vitamins (viz. B1, B2 Niacin' and Vitamin C of 42 different foodstuffs mentioned below have been estimated—

Cereal 1, leafy vegetables 7, non-leafy vegetables 6, fruits 14, pulses, sproute as well as unsprouted 8, tubers 3, miscellaneous 3.

(*b*) *Amino acid analysis.*—Four pulses and one 'wari' (Penicum miliaceum) have been microbiologically for essential amino acids.

(*ii*) *Studies on Vitamin A*—(*a*) *Absorption of Vitamin A in hospitalized patients.*—The absorption of Vitamin A was studied by determining the plasma levels of Vitamin A at different intervals after administering the suitable dose ir aqueous suspension, in oil or mixed with sucrose powder. It has been observed that Vitamin A in aqueous suspension was better absorbed than when given in oil or admixed with sucrose powder.

(*b*) *Stability of Vitamin A in aqueous depression and in oils.*—A study has been made of comparative stability of Vitamin A in aqueous dispersion and in oils using different antioxidents, such as lecithin, alpha-tocophenol, Vitamin C etc. The potency was tested over a period of six months. The results indicated that Vitamin A was more stable in oils than in aqueous preparation. Amongst the antioxidants tried, lecithin and alpha-tocophenol were found superior to the others in only media, while in the case of aqueous dispersion, ascorbic acid afforded better protection than others.

Further, it has been observed that Vitamin A was more stable at pH. 6 and above than at pH 3.

(*c*) *Effect of hypo and hyper-citaminosis A on alkaline phosphatases in rate.*—Preliminary tests have shown that hyper-vitaminosis A causes marked decrease in bone and intestinal phosphatases, while increase in serum, kidney and liver phosphatases. There has not been observed any significant change in the activity of these ensyme in muscle tissue of such rate. Similarly, hypovitaminosis A was found without much effect on the concentration of these ensymes in different tissue studied.

(*iii*) *Toxic Principle of 'Khesari'* (*Lathyrus sativus*).—The toxic substance of this pulse responsible for lathyrism has been reported to be selenium. In view of this the variety of locally available 'Khesari' as also other commonly consumed pulses have been analysed for their solenium content. Samples analysed did not show any abnormally high value for this toxic mineral.

(*iv*) *'Epidemic Oedema Syndrome' in Nadiad, District Kaira.*—(*a*) In connection with the above syndrome, 44 samples of edible oils and three of oils seeds were analysed for the presence of arpemone oil. Of these, 15 samples of oils and all the three samples of seeds were positive for ardemone oil.

(*b*) Effects of oral administration of arpemone oil and edible oils adulterated with it, in rats.

Animal feeding experiments with different levels of pure arpemune oil and with arpemune positive edible oil samples have been unter taken.

(*v*) High incidence of Uninary stones in Mehsana District Nine Uninary stones, in addition to one sample of encrusted material from water pipes have been analysed. Similar analyses of 26 more stones have been undertaken.

(2) *Routine Work.*—(*i*) During the period under review, 239 different samples of foodstuffs and food products were analysed in the Department. Nearly 50 per cent. of the samples analysed with a view to assess their fitness or otherwise, for human consumption were found unfit.

Similarly, more than 50 per cent. of the samples of butter and ghee were found below the specifications for purity. In a sample of 'bajra' received from Ahmednagar District analysed for anti-thiamin factor, no such factor was found to be present. Rest of the samples were either analysed for the proximate principles or for specific nutrients.

(*ii*) Examination of blood and other samples received from the 'Nutrition Clinic'.

About 25 plasma protein determinations, 35 blood counts (including reticulocyte counts), 20 examination of stools and a few urinalyses were carried out.

(*D*) Nutrition Relief and Measures.

(*i*) UNICEF skim milk powder distribution scheme (1952-53) : The Government of Bombay accepted a gift of 100 short tons of skim milk powder for distribution to undernourished children below 14 years and expectant and nursing mothers in areas where famine or near famine conditions prevail. The distribution was commenced in January 1953, and lasted till September 1953. Under the scheme, more than 46,000 beneficiaries were fed daily through 267 centres in 18 scarcity affected Districts.

(*ii*) UNICEF skim milk powder short-term distribution scheme (1952-53) : The State Government accepted again a gift of 1,13,000 lbs. of skim milk powder, for distribution to children and women in such parts of Bombay State as have not been declared as scarcity areas, but where malnutrition in the vulnerable group of the population does exist in a large measure. This milk powder was distributed to deserving mothers and children below the age of 14 years through Government and non-Government institutions. Over 12,000 beneficiaries were fed daily through 70 Centres. The Scheme has come to a close in the majority of the centres and a few centres will remain open till May 1954.

In view of the occurrence of heavy floods in a few Districts, 8,109 lbs. of skim milk powder under this scheme was immediately despatched to flood affected Districts of Belgaum, Kolhapur and Ratnagiri, in September 1953 with the approval of the UNICEF authorities.

(*iii*) UNICEF Skim Milk Powder (1954-55) : In December 1953 the Government of Bombay have further accepted a quantity of 2,00,000 lbs. of UNICEF Skim Milk Powder for distribution mainly through maternity and pediatric hospitals and wards and maternity and child welfare centres during 1954 and 1955. According to the plan of Operations the milk powder will be distributed through 75 centres under the Public Health and the Medical Departments and through 11 maternity and child welfare centres under Bombay Mothers and Children Welfare Society. Nearly 3,000 beneficiaries are expected to be fed daily through about 86 centres.

DEPARTMENT OF NUTRITION.

Statement of Receipts and Expenditure from 1st January 1953 to 31st December 1953.

Receipts.	Rs.	a.	p.	Expenditure.	Rs.	a.	p.

Short note on the working of the drugs control administration during the Year 1953.

The Drugs Control Administration made all round progress in its efforts to establish a rigid control over the quality, purity and strength of the drugs manufactured and sold in this State. These efforts were not only confined to this State alone but by co-operation and by establishing Co-ordination with the Central Drugs Control Administration and the Licensing Authorities from other States they were also extended to the far end of the Indian Union. The main obstacle of the Drugs Control Administration in maintaining the high level of efficiency was the tremendous increase in work and inadequacy of the Inspectorial and other staff. Government was pleased to accept the proposal and sanctioned the additional staff in the month of September 1953. This is indeed a great impetus to the Bombay Drugs Control Administration which will now proceed to improving the quality control.

2. *Penicillin and Streptomycin.*—The sales of Penicillin and Streptomycin at all Government distributing centres in this State were completely stopped with effect from 15th January 1953. No fresh supplies of these drugs were made to those centres. The unsould stocks of these drugs were allowed to be utilised by the distributing centres for the use of poor and needy patients in their hospitals and dispensaries. With the completion of the distribution of the unsold stocks to the various hospitals and dispensaries for the use of poor and needy patients, the Penicillin section in this Office was closed for good with effect from 1st August 1953.

3. *Intelligence Branch and Legal matters.*—The Intelligence Branch worked vigorously all the year round and left no avenue untapped in its efforts to check the mal-practices prevalent in the drug trade. Nevertheless, there can be no denying the fact that the manufacture and sale of spurious and misbranded drugs was on the increase even during the year 1953. The evil was not particularly confined to Bombay State but appeared to have spread throughout the Indian Union.

The investigational work has since increased considerably. In the absence of additional staff for this Branch, a single Drugs Inspector, who has been entrusted with this work in addition to his own normal duties has been doing his best to deal with the cases one by one as they arise relying at times on the efforts and help of the Drugs Inspector stationed at Baroda. His efforts obviously fall short to meet with the situation and to tackle this huge problem which only a team of Drugs Inspectors and Watchers can possibly solve.

With the sanction of 11 Watchers recently 6 in the district and 5 in the Head Quarter Division at Bombay investigational work will be facilitated to some extent.

The proprietors of the following firms were prosecuted for contraventions under the Drugs Act—

(1) Shri Hosdurg Madhav R. Bhanderkar and his Brother, Proprietors of Messrs. Vipul Traders of Mahim, Bombay.

(2) Shri Ahmed Nanoo, Proprietor of Messrs. Takdir Medical Stores of Broach.

(3) Shri Kodarlal Hargovindas Shah of Sabarmati.

(4) Shri S. B. Nagarkar, Proprietor of Messrs. India Chemical Works, Jalgaon in the East Khandesh District.

(5) Government also succeeded in an appeal preferred by them in the High Court against the order of acquittal passed by the Chief Presidency Magistrates on Shri Rameswarup Tiwari, proprietor of Messrs. Bombay Industrial Corporation, for manufacturing and selling misbranded Sandalwood Oil. Among other things, their Lordships Mr. Justice Gajendragadkar and Mr. Justice Chainani, who heard the appeal held that Sandalwood Oil labelled as B. P. and/or B. P. C. is a "drug" within the meaning of section 3 (*b*) of the Drugs Act, 1940, and therefore all the provisions of the Drugs Act will apply to its manufacture and sale. Their Lordships therefore set aside the Order of acquittal and convicted the opponent to pay a fine of Rs. 100 or in default one week's simple imprisonment.

With the judgment of this case the hands of the Drugs Control Administration have been considerably strengthened in the enforcement of the Act.

As a result of a vigorous search and ceaseless efforts by the Drugs Inspector charge of the Intelligence Branch several places in the city of Bombay, suburbs and Kalyan Camp were raided with the help of Anti Corruption Branch of Bombay C. I. D. on 29th October 1953. A gang of six persons who were alleged to be manufacturing and selling spurious drugs were arrested. Labels, implements, blocks, empty bottles, etc., stocked by the gang for the manufacture of spurious chloromycetin, Aureomycin, Woodwords Gripe Water, Vicks Vapo Rub, Hazelene snow, cosmetics like Yardleys Lavender Powder, etc., etc., were recovered from the raided premises. All the accused were produced before the Presidency Magistrate, Esplanade Court, where they were released on bail of Rs. 20,000 each. The principal accused was trapped at Lalbaug while selling spurious chloromycetin and Aureomycin to a chemist and druggist who when interrogated disclosed the names of his accomplices.

4. *Pharmaceutical Enquiry Committee.*—The Pharmaceutical Enquiry Committee constituted in February 1953 by the Ministry of Commerce and Industries, Government of India, had decided in their first meeting that the Major Pharmaceutical Establishments in Bombay should be visited by the full committee during its stay in Bombay whereas the local members of the Committee consisting of (1) Dr. B. B. Yodh, (2) Dr. N. R. Nanji and (3) Shri B. V. Patel, Drugs Controller for the State of Bombay, should visit a fair cross section of the medium sized and small pharmaceutical establishments in Bombay City.

Accordingly the local Committee selected sixteen establishments and carried out the survey. Further in order to assist the Local Committee in their investigations a brief questionnaire was issued to 35 other major Pharmaceutical Establishments selected for survey.

The 2nd meeting of the Pharmaceutical Enquiry Committee was held in Bombay on 7th May 1953. The members of the Committee visited some of the important Laboratories which manufacture drugs and held discussions with the representatives of the Associations of the Industry and Trade. The committee was in Bombay for little over a week and at the request of the Chairman, Shri B. V. Patel, Drugs Controller, Bombay, accompanied the members of the Committee during their visits to the factories in Bombay State. The Committee was given all possible assistance and co-operation during its stay in Bombay.

5. *Educational Activities.*—(*i*) As a result of the recommendations made by the Drugs Consultative Committee in its 2nd meeting regarding the steps to be taken to give widest publicity to the requirements of the Drugs Act, 1940, and to educate

the public to understand the provisions of the Act and its implications. All India Radio, Bombay and Baroda Stations invited the Drugs Control Administration to extend its co-operation in arranging the broad-cast talks. The request was complied with and the talks on the subject of "Requirements of the Drugs Act, 1940" and the "Adulteration of Drugs" were given in English and the regional languages by Shri B. V. Patel, Drugs Controller for the State of Bombay, and Drugs Inspectors Shriyuts S. C. Shah, M. K. Rangnekar and V. C. Sane.

These talks were confined to explaining the provisions of the Drugs Act, 1940, and the rules thereunder and in what way the general public could co-operate in making the Drugs Control Administration a success.

(*ii*) *Public Health Department Conference.*—Conference of the Officers of the Public Health and other Departments was held in Poona on 12th, 13th and 14th of December 1953. The conference was inaugurated by the Minister for Health. As Drugs Controller was unable to attend this conference, Inspector Rangnekar was deputed to attend and take part in the discussions on the subjects of "Food and Drug Adulteration".

(*iii*) *Joint Session of the Indian Pharmaceutical Congress-Conference.*—The Joint Session of the Indian Pharmaceutical Congress and Indian Pharmaceutical Conference was held at Madras during the last week of December 1953, under the presidentship of Shri P. M. Nabar, B.A., B.Sc. (Tech. Manchester), F. R.I.C., Drugs Controller, India. Government deputed Shri B. V. Patel, Drugs Controller for the State of Bombay, to attend the Conference and take part in the symposium on the "Pharmaceutical Legislation". Shri M. K. Rangnekar, Drugs Inspector, was also deputed by the Government to the Pharmaceutical Exhibition. In the exhibition several charts and posters and specimens of spurious drugs specially prepared and collected for the purpose by the Drugs Control Administration of the Bombay State were exhibited. The posters and charts depicted the correct method by which the provisions of the Drugs Rules could be complied with.

The Governor of Madras, by whom the Conference was inaugurated, evinced keen interest in the specimens of the spurious drugs and charts and posters from Bombay and congratulated the Drugs Control Administration of Bombay State.

6. *Test or Analysis of Drugs.*—Sampling programme was continued, in order to check the quality, purity and strength of the drugs imported in India and of those manufactured locally. Number of samples tested during the year 1953 were 1000. Out of these samples 308 were reported to be not of standard quality (31 per cent.). Necessary warnings were issued to firms marketing products not of standard quality.

STATEMENT A.

Showing the number of Hospitals and Dispensaries in the Bombay State during the year 1953.

(Total population of the Bombay State—3,59,56,150).

1,459

CLASSES I AND II.—This include all institutions maintained by provincial funds and under Government management. The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions has not been regarded as a reason for not classing it as "State" when provincial and imperial funds are practically responsible for all the charges connected with it. Class I—"Public" are State Dispensaries which are open to the poorer classes of the public. Class II are State Departments which serve only a special section of the public as indicated in the sub-classification attached.

CLASS III.—Local fund dispensaries include all institutions which are vested in local boards or municipalities or guaranteed or maintained by local or municipal funds. The fact that such an institution is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the medical officer, grants medicine, or otherwise, has not been regarded as a reason for not classing it as a local fund dispensary, when its existence is practically dependent upon local funds.

CLASS IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers has not been regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI.—Comprises all railway dispensaries whether maintained by State railways or others.

CLASS VII.—Comprises all subsidised dispensaries opened under the "Rural Medical Relief Scheme".
